Report that He Conferred with Leaders of that Faction Last Night.

Supreme Court Justice William J. Gaynor appeared at the County Court-House in Brooklyn to-day for the first time since his nomination for Judge of the Court of Appeals on the machine Democratic ticket.

Some of his intimate friends, however, were not so reticent, and they intimated that the Justice had been in conference during the night with the leaders of the Shepard faction of the Democracy, and had given them assurances that he does not intend to accept the nomination. The gentlamen intimated that Mr. Gaynor had already informed Chairman James W. Hinckley of the Democratic State nmittee, that he would not accept. Said one of the friends referred to:

Put it in this shape. Say that it is said on the very best authority, by persons lication because of their intimacy with the nominee, that Judge Gaynor has made up his mind to decline, and has

made up his mind to decline, and has settled the matter for good.
"Judge Gaynor has told some of his intimate friends that he will not accept, and that nothing can now induce him to change his mind."

When Justice Gaynor arrived in his chambers of the Supreme Court an "Evening World" reporter was the first to greet him.
"I have nothing to say," said Justice

Gaynor.
"The time has not come for me to say anything. There is absolutely no use trying to get me to talk now."

"The rush won't come until later on in the campaign," said one of the men in charge. "We'll have business enough in a week or two," Judge McAdam, of the Superior Court, said in court to-day that he did not want any more naturalizing to do if he could help it. He has made the same remark many times, and so have all the judges. But when a Judge is sitting in Chambers he has to hear these cases or he is liable to impeachment.
